In Charge U. S. Dept. of
Agriculture
Washington, D. C.

READ THIS *Carefully*

ROSE HILL FARM has one of the best collections of Roses in the South, that includes all the Hybrid Teas, Polyanthas, and Climbers best adapted to southern conditions.

Our plants this year are the best we have ever grown, and we feel sure you will be pleased with these vigorous, healthy plants. They are stored with vitality and will go right to work in your garden.

If you don't know Rose Hill Roses, give us a trial order.

GUARANTEE. We guarantee our plants to be satisfactory on arrival and to be true to label. In case the plants do not come up to your every expectation, notify us at once for instructions. It is mutually agreed and understood that our liability for untruthfulness to name shall be confined to replacement of stock, or refund of the original purchase price only.

BUDDED ROSES. Our Roses are all prime No. 1, two-year-old budded, and field-grown.

SHIPPING TIME. We start shipping about October 20.

TRANSPORTATION. We prepay all transportation charges on orders that are for \$2.00 and more, unless otherwise noted.

PLEASE READ BEFORE ORDERING. On orders for less than \$2.00, add 25c to help pay cost of packing and postage.

QUANTITY PURCHASES

50 to 109, deduct 5c per plant.
110 to 209, deduct 7½c per plant.
210 and upward, deduct 10c per plant.

Understocks: We can furnish Red and Pink Radiance on Texas Wax, other varieties on Multiflora only.

CONDITIONS. Orders are booked subject to conditions over which we have no control. On varieties that are sold out, we reserve the right to substitute another of the same color and habit, unless you request that no substitution be made.

*Prices subject
to change
without notice*

APRICOT DAWN

TERMS. Our terms are cash with order. Do not send currency unless by registered mail. Checks or Money Orders are safest.

PRICES. Our prices are based on the supply of the different varieties. We urge you to take advantage of these prices, as the same varieties may cost you much more in spring.

PLANT ROSES EARLY. From many years' experience we have found that Roses planted between November 10 and December 10 give much better results. In the Gulf Coast area, where severe winters are rare, we recommend earlier planting.

FALL-PLANTED ROSES have time to establish themselves and become acclimated before hot weather sets in. Rose Hill Roses have been consistent winners at flower shows throughout the Western Hemisphere for many years.

ALL ORDERS FOR FALL PLANTING come directly from "Our Own" nursery rows to you, all freshly dug stock.

PLANTING INSTRUCTIONS. Keep the roots moist all the time before planting.

Spread them out so they do not crowd, and tramp the earth firmly about them. Don't plant too deep. Plant in good soil where there is sunshine at least half a day. In cold weather mound soil 6 to 10

inches; remove after weather clears. Do not fertilize until plants have become established.

**THIS PRICE LIST VOID AFTER
MAY 1, 1942**

HYBRID TEA ROSES

The Hybrid Teas are the backbone of the Rose-garden and supply color for garden decoration as well as the finest of all flowers for cutting. Every flower show depends on Hybrid Tea Roses for the main display.

Rose Hill grows only dependable varieties. Every Rose shown on this page has proved worthy.

American Beauty. HP. Dark pink, shaded carmine; full, double; unforgettable fragrance. Strong grower. 30c each.

Ami Quinard. Semi-double; dark crimson-maroon with blackish shades; richly perfumed. Strong-growing plants. 30c each.

Antoine Rivoire. Rosy flesh, shaded carmine. 30c each.

Apricot Dawn. A sport of Golden Dawn with fragrant, double flowers of apricot and pink tones. A beautiful Rose on a beautiful bush. 50c each.

Autumn. Burnt-orange, streaked red. Good in fall. 30c each.

Ben Arthur Davis. The full double flowers are really a delight. Petals are golden yellow at the base, growing lighter at the edges; reverse has a slight tinge of pink. A bushy grower with glossy green foliage. The plants are free and continuous in their bloom. 50c each.

Betty Sutor. Pale rose-pink, veined rose; reverse of petals bright pink; slightly fragrant. Hardy and free blooming. 50c each.

Betty Uprichard. Salmon-pink, reverse carmine; very fragrant. 30c each.

Caledonia. See in color in the Dependable Fifteen. 30c each.

Charles K. Douglas. An extra-good scarlet-crimson flower freely produced on a large, bushy plant. 30c each.

Christopher Stone. A strong-growing bush with perfectly healthy foliage and great loose flowers of brilliant scarlet-red. It has delicious old-Rose fragrance and is one of the best bloomers we have ever grown. It is fast becoming one of the most popular red Roses. 75c each.

Columbia. Another perfect cut-flower with bright pink blooms on heavy, almost thornless stems; delightful fragrance. 30c each.

Condesa de Sastago. Illustrated in the Dependable Fifteen. 30c each.

Cynthia. This is a perfectly formed flower of rich oriental-red. A splendid Rose for exhibition and is unusually free blooming for a Rose of such good form. Splendid plants. 40c each.

Dainty Bess. Large, single flowers of soft rose-pink; limbricated edges. A dainty flower. 35c each.

Dame Edith Helen. Immense, perfectly formed blooms of clear pink; delicious fragrance. 30c each.

Director Rubio. Immense blooms of cochineal-pink. 30c each.

Duquesa de Penaranda. A glorious large flower of coppery apricot which holds its form for a long time and is delightfully fragrant. The plants are sturdy, with splendid healthy foliage and are produced right through the season. 75c each.

Edith Krause. A large double flower of greenish white. A much prettier Rose than the description indicates. The flower is fragrant and we especially like it because of its very vigorous, healthy growth. A plant which can always be depended on. 50c each.

Edith Nellie Perkins. See in color in the Dependable Fifteen. 30c each.

Editor McFarland. See in color in the Dependable Fifteen. 30c each.

E. G. Hill. See in color in the Dependable Fifteen. 30c ea.

Empress. A large, fully double flower of bright pink tinged with salmon. It is richly fragrant and we like it because of its good plant and generous floriferousness. 40c each.

Etoile de France. Large double flowers of deep red. 30c each.

Etoile de Hollande. Illustrated in the Dependable Fifteen. 30c each.

Francis Scott Key. Perfectly formed, imbricated flowers of dark Tyrian pink. A popular Rose in the South. 30c each.

Frau Karl Druschki. Long-pointed white buds stained carmine; immense, pure white, open flowers; scentless. Strong growth. 30c each.

Glowing Carmine. Tall-growing, free-blooming plants with perfectly formed flowers of clear carmine. A splendid exhibition flower which retains its form for a long time. A very different, desirable Rose. 50c each.

Golden Dawn. Large, fragrant flowers of straw-yellow. 30c each.

Golden Ophelia. Golden yellow flowers of fine form. 30c each.

Grenoble. Large; globular, scarlet blooms, freely produced on an immense, branching plant. Nice for cutting. 30c each.

Hadley. A glorious crimson-red; delightfully perfumed. 30c each.

Heinrich Wendland. Spectacular flower of reddish copper flushed with orange, and an orange reverse to petals. Honey-like fragrance. Lovers of gay colors should plant a whole bed of this, as it is really startling. 40c each.

Hinrich Gaede. Another spectacular Rose of luminous vermillion shaded with golden yellow. It is a high-centered flower much better formed than most of these gay-colored Roses and it carries a rich fruity fragrance. Plants are of average growth and are generous bloomers. 50c each.

Jean Bostick (Yellow Condesa de Sastago). (J. A. Bostick, 1937.) This is one of our own introductions. A rich yellow sport from Condesa de Sastago, it has the same cupped form as its parent and the same splendid upright, free-blooming bush. This is one of the best growers and bloomers that we have and is especially satisfactory in the South, where yellow Roses usually fade badly. 40c each.

HYBRID TEA ROSES, continued

Joanna Hill. Large semi-double flowers of light yellow are freely produced on an upright bush. The blooms are fragrant and have splendid stems. It is one of the best of this color for cutting purposes. 40c each.

Jonkheer J. L. Mock. Immense two-toned pink—silvery rose inside, reverse carmine-pink. Splendid form. 30c each.

Julien Potin. For years this has been the most dependable exhibition yellow Rose, because of its perfect form and dependability. If you want a yellow Rose for a show table, plant Julien Potin. It is of average growth and very generous. 50c each.

Kaiserin Auguste Viktoria. Illustrated in the Dependable Fifteen. 30c each.

Katharine Pechtold. Opens from an old-gold and bronzy orange bud into a semi-double flower of practically the same coloring; the colors last better than most of that type. It is deliciously fragrant and we like it very much. The plants are vigorous and bushy. 50c each.

Lady Hillingdon. T. A lovely old Tea Rose of deep saffron-yellow; fragrant. A free-branching plant with beautiful foliage. 30c each.

Luxembourg. Illustrated in the Dependable Fifteen. 30c each.

Maman Cochet. T. Perfect form, double; carmine-pink, creamy buff at the center. Impervious to diseases. 40c each.

Margaret Belle Houston. This great Rose, which was named for General Sam Houston's daughter, should be a favorite in Texas. The flowers are of good size and they are a lovely shade of velvety crimson. 30c each.

Margaret McGredy. The color is a brilliant orange-vermilion, quite different from any other Rose. 30c each.

Mary, Countess of Ilchester. Double, rose-pink blooms which make splendid cut-flowers; moderately fragrant. 30c each.

McGredy's Scarlet. Big plants with shapely double flowers of just plain red. A fine Rose. 30c each.

McGredy's Yellow. This appeals to us as one of the nicest of the newer yellow Roses. It has unusually pleasing form in a nice shade of yellow which lasts much better than most yellow Roses. Plants are of average size, healthy and are good performers. It is delightfully fragrant, a virtue all yellow Roses do not possess. 75c each.

Mevr. G. A. van Rossem. One of the first of the spectacular Roses, this is still one of the most popular. The perfectly formed flowers are a gay mixture of orange and apricot over a golden yellow ground. But best of all it is one of the sweetest Roses we have ever grown. Try it for cutting. It is not only beautiful but two or three blooms will perfume the house. 40c each.

EXTRA - LARGE "JUMBO'S"
We can furnish same in all varieties at 15c
per plant extra. We pay postage.

Mme. Butterfly. A perfect cutting Rose of light pink, touched with golden yellow at the base of the petals. 30c each.

Mme. Nicolas Aussel. Very large and very fragrant; salmon, shaded carmine and ochre, tinted yellow at base. 40c each.

Mrs. Dudley Cross. Pale yellow, sometimes flushed with pink; mildly fragrant. Vigorous plant. 30c each.

Mrs. E. P. Thom. This is one of the dependable yellow Roses planted by every Rose-lover everywhere. The plants are upright, sturdy, and the large double flowers are a nice shade of canary-yellow. It is one of the yellow Roses which holds its color. 50c each.

Mrs. Paul Goudie. A lovely new bicolor Rose with well-formed fragrant flowers, yellow-edged and veined with rose-pink. Like most of this kind, it fades considerably if left on the plant, but when first open it is a glorious, fragrant variety which every rosarian will want. A nice dependable plant. 75c each.

Mrs. Pierre S. du Pont. Golden yellow. Free-blooming plants. 30c each.

Olympiad. This is one of the older bicolored flowers and retains its popularity because of the unusual coloring—blood-red, shaded with coppery yellow. The blooms are delightfully fragrant, making them splendid cut-flowers. Average growth and bloom. 50c each.

Patience. A nicely formed flower of scarlet, shaded orange, with moderate fragrance. We like the strong-growing plant, its continuous bloom, and the form of the flowers. 50c each.

Pink Golden Dawn. This glorious Rose is one of our own discoveries. It is a sport of the great Australian Rose, Golden Dawn, and has the same large, double, deliciously fragrant flowers, freely produced on a husky, spreading plant with beautiful foliage. Golden Dawn is one of the finest garden Roses we have, and we take great pleasure in offering our customers a pink sport with all of its parent's virtues. \$1.00 each.

Portadown Bedder. Petals orange-yellow, with pink flush on the outside and rose-scarlet within. Dense, bushy plants. 50c each.

President Herbert Hoover. Illustrated among the Dependable Fifteen. 30c each.

President Macia. This is one of the largest Roses grown and one of the most beautiful. The long-pointed buds open to 6-inch flowers of pale silvery pink on the face of the petals, with a touch of gold at base and a reverse of brilliant satiny pink. It is fragrant and surprisingly free blooming for such a large Rose. 50c each.

HYBRID TEA ROSES, continued

Radiance. See in color among the Dependable Fifteen. 30c each.

Red Radiance. See in color among the Dependable Fifteen. 30c each.

Rev. F. Page-Roberts. A rather low-growing plant producing a very large flower of buff and yellow with red shadings. This is not only a beautiful two-toned Rose but it has the delightful fragrance of ripe Russet apples. It is a delightful cut-flower, a prize-winner at exhibitions, and you will like the different fragrance. 75c each.

Roslyn. Illustrated in color in the Dependable Fifteen. 30c each.

Rouge Mallerin. Illustrated in color in the Dependable Fifteen. 40c each.

Sensation. A lovely old Rose of deep scarlet-crimson with maroon markings. It is wonderfully fragrant and the flowers are freely produced on a healthy, dependable plant. 30c each.

Souv. d'Alexandre Bernaix. Low-growing plants with healthy foliage bear medium-sized blooms of rich blackish crimson. It is one of the darkest of Roses and one of the most fragrant, carrying the real old Damask scent. 50c each.

Souv. de Claudius Pernet. The first real yellow Rose and still in great demand. 40c each.

Souv. de Mme. C. Chambard. A strong upright plant with healthy foliage, bearing in crops great satiny peach-pink flowers with an unusual lustre. It is the only Rose we know of this particular coloring. Fragrant 40c each.

Sunburst. Large, double flowers of golden yellow, strongly marked with dark red at the base of the petals. 30c each.

Talisman. Illustrated in color among the Dependable Fifteen. 30c each.

Texas Centennial. Pat. 162. A light red sport of President Herbert Hoover with its parent's splendid growth and bloom. 60c each, 3 for \$1.50.

Willowmere. Large flowers of rich pink with a yellow glow in the center. Strong-branching, very thorny plant. 30c each.

POLYANTHA ROSES

For small hedges, solid beds of color, or groups in shrubbery border, there isn't anything that can compare with Polyantha Roses. They come the nearest to being truly everblooming of any of the Rose family, requiring very little care and come into bloom early in the season, producing crop after crop of flowers until stopped by frost.

Do not prune them, simply thin out and remove the dead wood and the oldest canes. They will then cover themselves with bloom.

Baby Doll. Exquisite little Roses of pink and coppery yellow edged rose. The baby blooms look like pink and white popcorn. Dwarf. 30c each.

Eblouissant. Bushy little plants with small flowers of blackish crimson. Nice for edgings or low hedges. 30c ea.

George Elger. Perfectly formed little Roses of light yellow are generously produced on small branching plants. 30c each.

Golden Salmon. Clusters of orange-scarlet flowers. 30c each.

Ideal. Medium-sized blooms of dark scarlet thickly cover bushy plants of about the height of an average Hybrid Tea. 30c each.

Katharina Zeimet. Fine, branching plants of only medium height and a profusion of small pure white flowers. 30c each.

Lafayette. Quite large flowers of a lovely shade of cherry-red. One of the most popular varieties. 30c each.

Miss Edith Cavell. Attractive, semi-double blooms of brilliant scarlet-red. Always good to look at and dependable. 30c each.

CLIMBING ROSES

Few gardens have as many Climbing Roses as they could or should. Climbing Roses take up very little room. They can be trained on pillars, fences, trellises, arbors, against buildings, or allowed to ramble at will, and when in full bloom, there isn't any flowering shrub that can equal them. Many of them are sports of Dwarf Roses in which case they produce larger and finer flowers than do their dwarf parents and, of course, furnish many more long-stemmed flowers for cutting. Our collection includes the best of the Climbers for the South.

Cl. Cecile Brunner. A sport of the little Sweetheart Rose which bears clusters of perfect little blooms of pink and gold. 50c each.

Cl. Editor McFarland. A climbing sport of the very popular Hybrid Tea of this name, producing the same deep pink blooms on long stems. 50c each.

Cl. Mrs. Pierre S. du Pont. A climbing sport of the popular Hybrid Tea of this name, with quantities of golden yellow flowers on fine stems. 50c each.

Cl. President Herbert Hoover. A climbing sport of the popular bush Rose of this name, with splendid long-stemmed flowers useful for cutting. 40c each.

Cl. Radiance. An everblooming climbing sport of the world's favorite pink Rose. 40c each.

Cl. Red Radiance. An everblooming climbing sport of the well-known Red Radiance. 40c each.

Cl. Talisman. An everblooming climbing sport of the popular dwarf Rose of this name. 40c each.

Paul's Scarlet Climber. Clusters of bright scarlet-red flowers on a strong, hardy plant. 30c each.

FLOWERING SHRUBS AND TREES

We offer a selection of ornamental shrubs and trees at give-away prices. These are all well-branched, specimen plants, and most of them are three years old.

Prices quoted are F. O. B. Tyler, Texas. At these prices we cannot accept an order for less than \$2.00 unless 25c is added to help pay cost of packing. Stock will be shipped by Express, Freight or Motor Freight, whichever you suggest.

FLOWERING SHRUBS

Abelia grandiflora. A splendid semi-evergreen shrub with glossy green foliage and pinkish white, bell-shaped flowers. 20c each.

Albizia Julibrissin rosea. Mimosa. The Silk Tree is a shapely small tree with graceful, feathery foliage and fluffy, silky, fragrant, bright pink flowers in early summer. \$1.00 each.

Althea (*Hibiscus syriacus*), **Rose of Sharon.** Splendid hardy shrubs with single hollyhock-like flowers in various colors. Blooms late summer and fall. 15c each.

Crape-Myrtle (*Lagerstroemia indica*). Bushy shrubs with immense clusters of shown watermelon-red flowers all summer 2 to 3 ft., 15c each; 3 to 4 ft., 20c.

Deutzia scabra (*D. crenata*). Shrub to 6 feet with white to blush flowers in late spring. 15c each.

D. scabra Fortunei. A variety with larger flowers. 15c each.

D. scabra, Pride of Rochester. A distinct variety with flowers tinted rose on outside. 15c each.

Forsythia intermedia. Large shrub with arching stems covered with golden yellow bells before the foliage. 20c each.

Ligustrum amurense. Amur Privet. A splendid hedge plant with rich green foliage. 10 for \$1.00; 50 for \$4.50; 100 for \$6.00.

Lonicera fragrantissima. A bushy shrub with fragrant, creamy white flowers in spring followed by red berries. 20c each.

Philadelphus coronarius. Mock Orange. Graceful shrub to 10 feet with fragrant creamy white flowers. Blooms in June. 20c each.

Spiraea Douglasi. Shrub to 8 feet with spikes of deep pink flowers in midsummer. 20c each.

S. Thunbergi. Shrub to 5 feet with pure white flowers in spring. Foliage turns orange to scarlet in fall. 20c each.

S. Vanhouttei. Shrub to 6 feet with arching branches of white flowers in May and June. 20c each.

Vitex Agnus-castus. Chaste Tree. A strong-growing shrub with spikes of lavender flowers in late summer and fall. 3 to 4 ft., 30c each.

Weigela Hendersoni. Medium-sized shrub with masses of pink, bell-shaped flowers in early summer. 4 to 5 ft., 30c each.

FLOWERING TREES

Dogwood, White-Flowering (*Cornus canadensis*). Beautiful white flowers in spring and red berries in fall. 2 to 3 ft., 20c each; 4 to 5 ft., 30c.

D., Red Osier (*Cornus stolonifera*). White flowers in spring and white berries in fall. Winter bark color is red. 2 to 3 ft., 20c each.

Elm, Chinese (*Ulmus parvifolia*). A fast-growing tree with small dark green foliage. 2 to 3 ft., 15c each; 4 to 6 ft., 20c; 6 to 8 ft., 30c.

Poplar, Lombardy (*Populus nigra italica*). A very slender, fast-growing tree. 4 to 6 ft., 20c each; 8 to 10 ft., 50c; 10 to 15 ft., \$1.00.

Redbud (*Cercis*). Masses of rose-pink flowers in early spring before the foliage. 2 to 3 ft., 20c each; 3 to 4 ft., 25c; 4 to 5 ft., 30c; 6 to 8 ft., 50c.

Tulip Tree (*Liriodendron tulipifera*). A fast-growing tree with large, greenish yellow, fragrant flowers. 2 to 3 ft., 25c each.

Prices on larger plants furnished on request.

ROSE HILL FARM : Tyler, Texas
